

HOPE THROUGH FOOTBALL

#SHARETHEKNOWLEDGE

Hope Through Football

- Hope Through Football exists to provide a platform for U.S. and international American football players to hone their skills on and off the field through drills and develop character. Instruction is provided to athletes by former NFL players and coaches which not only helps to improve their game, but to help athletes believe in the person they see in the mirror

#Sharetheknowledge

- The purpose of Share the Knowledge is for like-minded American football coaches to share information and ideas around coaching football in an informal and flexible format that serves as a complement to all existing coach education resources and programmes. The group's mission is informal coach education and development.

#SHARETHEKNOWLEDGE

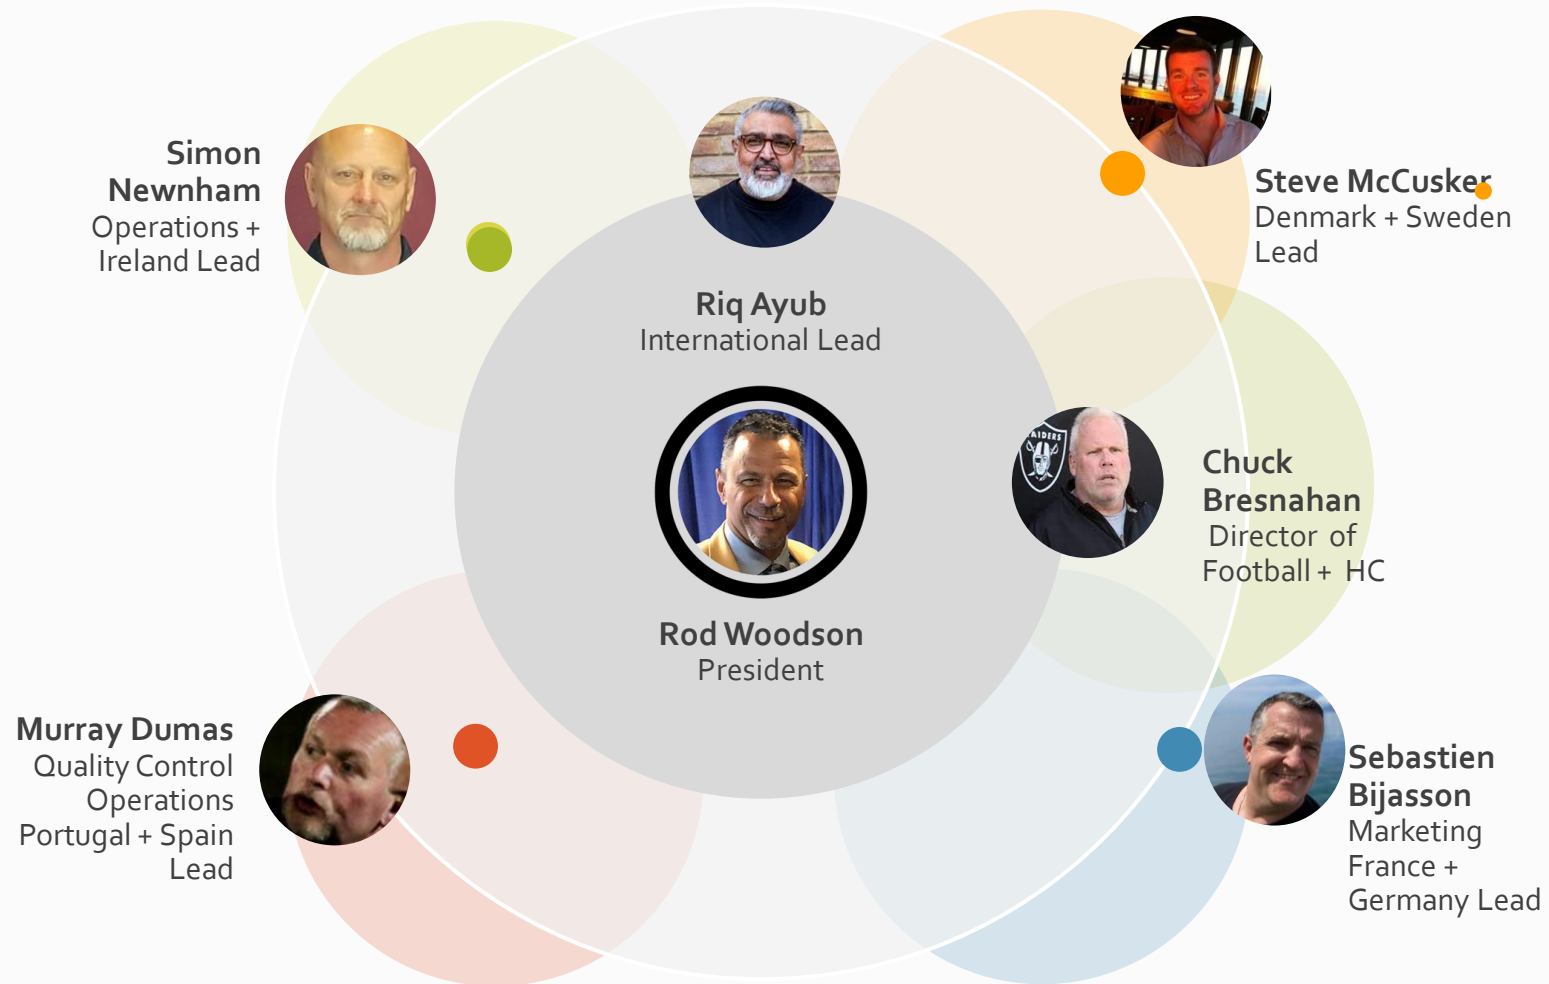

Combined Mission Statement

- Hope International to provide resource for International American football players and coaches. To hone their skills on and off the field through drills and classroom sessions. The purpose is to #SharetheKnowledge with like-minded people in a fun and enjoyable environment. To develop traits to help both in life skills and a competitive arena. To build character and an inner strength.
